**" LESSONS FROM 19TH CENTURY U.S.-CHINA RELATION APPLIED TO 21ST CENTURY"
十九世紀中美關係之教訓應用於廿一世紀**

In the 19th century, relationship between China and the U.S. and the rest of the world was governed by unequal treaties. Shortly after the end of WWII, U.S. adopted a surround/isolate/weaken foreign policy toward China. How that foreign policy has affected Japan's attitude toward WWII history and whether that foreign policy of the U.S. is in the long run in the best interests of the U.S. and the American people will be discussed.
